International Women's Day

The Government Degree College, Yerraguntla, celebrated International Women's Day with great enthusiasm and dignity under the aegis of the Women Empowerment Cell. The event aimed to create awareness about women's rights, gender equality, and the importance of empowering women in all spheres of life.

The program began with a warm welcome address, followed by inspiring speeches from faculty members and invited guests, who highlighted the importance of women’s education, self-reliance, and leadership in today’s society. Students actively participated in various activities such as essay writing, poster presentations, and cultural performances that showcased the strength and resilience of women.

The celebration recognized the contributions of women staff and students who excelled in academics and extracurricular activities. The event concluded with a vote of thanks and with the singing of the National Anthem, leaving everyone motivated and inspired.

World Water Day

An awareness programme on World Water Day was conducted by the NSS Unit and Red Ribbon Club with the theme "Water and Gender: Where Water Flows, Equality Grows." The programme aimed to highlight the crucial link between water access and gender equality, emphasizing how equitable access to water resources can empower women and promote social development.

The programme explained the significance of World Water Day and the importance of this year's theme. The resource person delivered an insightful talk on how water scarcity disproportionately affects women and girls, especially in rural areas, where they are often responsible for collecting water. The speakers stressed that ensuring safe and accessible water can improve education, health, and economic opportunities for women.

Red Ribbon Club coordinator and staff spoke about the relationship between clean water, hygiene, and health, particularly focusing on the well-being of women and children. The programme encouraged students to adopt water-saving practices and advocate for gender equality in their communities.

The event concluded with a pledge by all participants to conserve water and support equal access to resources. The programme was informative and inspiring, reinforcing the idea that sustainable water management is essential for achieving equality and building a better future.

Swarna Andhra - Swachh Andhra (SASA)

The Swarna Andhra – Swachh Andhra Programme was organized at Government Degree College, Yerraguntla on 28th of March 2026 with strong sense of social responsibility. The programme aimed to promote cleanliness, environmental awareness, and civic responsibility among the students and staff, in line with the vision of building a clean and green Andhra Pradesh.

The event was conducted with the active participation from NSS volunteers, faculty members, and students. The programme highlighted the importance of sanitation, hygiene, and environmental protection. The speakers emphasized that maintaining cleanliness is not just a duty but a collective responsibility of every citizen.

As part of the programme, a cleanliness drive was carried out on the college campus. Students and volunteers actively participated in cleaning of classrooms, corridors, playgrounds, and surrounding areas. They collected waste materials, segregated biodegradable and non-biodegradable waste, and ensured proper disposal. Awareness was also created about reducing plastic usage and maintaining a pollution-free environment.

All the staff and students have taken pledge as everyone has to continue practicing cleanliness beyond the event. Swarna Andhra – Swachh Andhra Programme instilled responsibility and inspired students to contribute towards a cleaner and healthier society.
