Semester-End Examinations

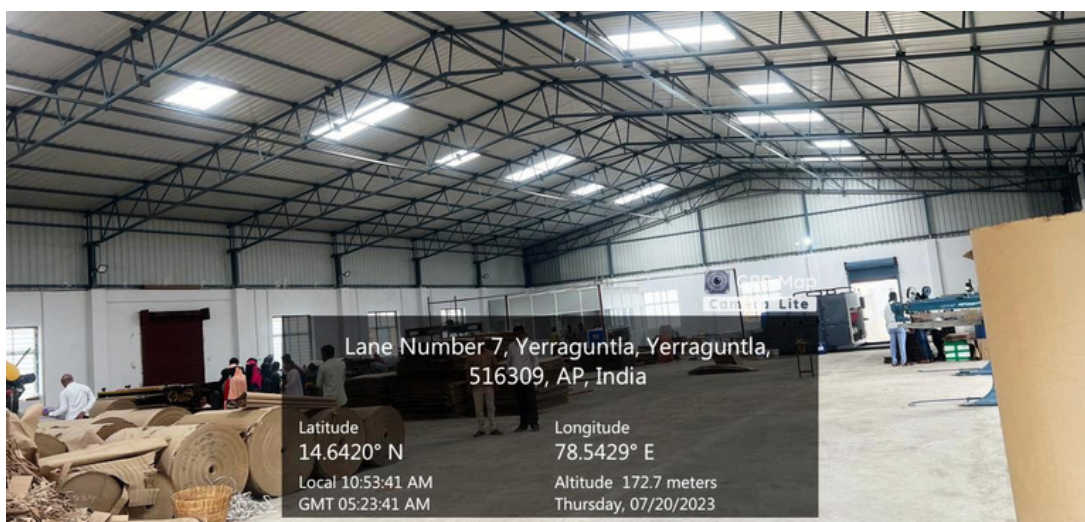

Yogi Vemana University, Kadapa has scheduled the 2nd, 4th, and 6th Semester-End Examinations from 23rd June 2023 to 21st July 2023. Being an affiliated college, GDC, Yerraguntla, has diligently followed and conducted these examinations in compliance with the university's guidelines. The college has ensured a smooth examination process for students to perform at their best. Faculty and staff worked tirelessly to maintain the integrity and fairness of the examinations, adhering to all necessary protocols. The successful completion of these examinations marked a significant milestone in the academic journey of the students, paving the way for their progression to the next phase of their studies.

Short-Term Internship Programme

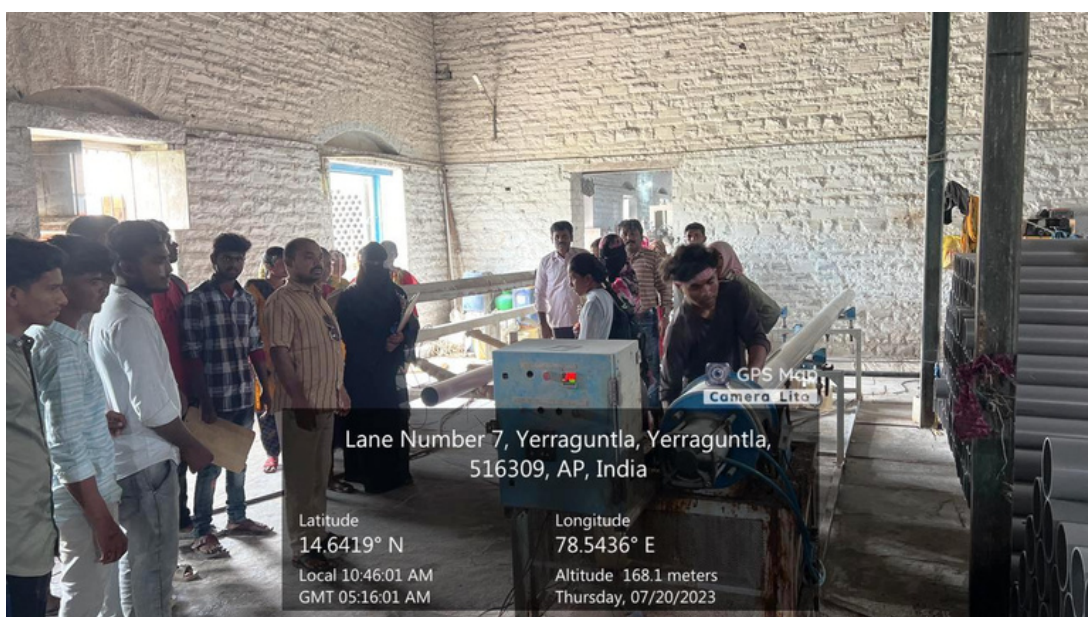

The Short-Term Internship Programme commenced on 20th July 2023, as per the academic schedule of Yogi Vemana University, Kadapa. The Internship aims to provide students with practical exposure to real-world industrial settings and challenges. Participants will gain valuable hands-on experience, enhancing their skills and knowledge in their respective domains. The Internship's well-structured curriculum ensures a comprehensive learning experience, empowering students to apply theoretical concepts to practical scenarios.

The Short-Term Internship Programme (Two Months) for 4th semester students started on 20/07/2023 at Varasi Oxygen, Fusion Gases, and Prashamsa PVC Pipes in Yerraguntla. The Principal, Dr. M. Ravi Kumar and Internship coordinator G. Eswara Reddy and other Staff members have visited the industries to introduce the students to industry personnel, fostering a sense of familiarity and providing valuable networking opportunities. This Internship exposure will undoubtedly enhance the students' understanding of real-world operations and sustain their professional development and prepare the students for a successful career in the industry.

Learning Improvement Programme (LIP)

The Learning Improvement Programme (LIP) has started on 27th July 2023, the third semester students are deputed as Prerana Mitras to M.P.P. School, Yerraguntla. The primary objective of LIP was to enhance the academic performance and overall learning experience of the students. As part of the programme, students were provided the Prerana Mitra App., a digital platform that served as a comprehensive learning tool. The app offered a structured schedule, which the students followed to stay on track with their studies and effectively manage their time.

Through interactive learning modules, assessments, and personalized study plans, the Prerana Mitra App encouraged students to engage actively with the educational content. The programme aimed to empower students with the necessary knowledge and skills, fostering the learning environment that supported their academic growth.

The Principal, Dr. M. Ravi Kumar, Coordinator Dr. C. Rama Mohan Reddy and Staff members are involved in the programme and advised the students to utilize this opportunity as, this Learning Improvement Programme would sought to create a positive impact on the students' educational journey, equipping them with the tools to succeed academically and reach their full potential.
