Fresher's Day Celebrations

'To bring the friendly ambience on the campus and for maintaining the cordial relationship among the students; seniors and juniors, conducted FRESHER'S DAY CELEBRATIONS.

In this programme, the students actively participated and made the arrangements in the enthusiastic way to welcome the newly joined students. The programme is entirely on the initiation from the students. The Principal, staff and students delivered their speeches. The Principal and staff addressed the students regarding the maintenance of discipline in the college. They advised the students to plan their future and put the right effort for their successful career. Later, students performed dances, showed their musical talents and enacted certain one-act plays to make the day joyfully and colourfully.

The entire programme was organized by following all the Covid-19 precautions.

Extra Curricular Activities

"Sports are one of the main cultural activities on the face of the Earth"

"Sound mind is a Sound health.' As a part of curriculum, extra-curricular activities are playing a prominent role in bringing the students physical strength and good health. We conducted certain competitions in games and sports for both boys and girls;cricket,kabaddi,musical chairs,running race etc, .Students actively involved and encouraged the participants.

The programme was stood as a symbolic for the real sportive spirit and brought the positive attitude among the students.

WEC-Induction and Counselling Programme

WOMEN EMPOWERMENT CELL of our college is very particular about the safety and security of the students along with their educational practices. As a part of the motto of the cell, we conducted an Induction and counselling programme for the first year students. The aim of the programme is to bring the awareness on the campus and to know the other activities running in the college. The co-ordinator and the women faculty addressed the students on the dress code, discipline and overall behaviour in the college. Some of the students shared their views and clarified their doubts.

The programme is in one way as a counselling and in another way marked as an interaction programme.

Mathematics Day Celebrations

The programme is a courtesy bound one to remember the greatest personalities of our country. It is our responsibility to remember the great achievements of the people in their fields, which made an identity to our country with their intellectuality.

'Mathematics Day' is celebrated on the occasion of birth celebrations of SRI SRINIVASA IYENGAR RAMANUJAN, the legendary mathematician. The Principal and staff shared their views and experiences of their career and how they followed the footsteps of the great people, the same they wish from the students to get success in their lives.
